Dan -

Please allow me to be informal as we have worked together before although you may not know it. During '71 - '72 I lived and worked in Washington, partly setting up the Unicorn News alternative radio news network and our Vietnam Emergency Audio Feeds in the spring of '72 which carried the sound of your voice. . . enough credentials.

Currently I am involved in the process of creating new television. Our two hour weekly free-form variety show is aired on cable television in San Francisco and Oakland during prime time. With luck, we will be making the move to broadcast TV (local channel 2 or 44) early next year. At present we are a long way from making ends meet, but our energy appears very strong; partly because so little else with consciousness is available on the tube. (we are covering a wide cultural and political ground) The operation succeeds because of an all volunteer staff and crew of seventeen.

I would like very much for ~~you~~ you to be a guest on our Christmas special which will air in SF on Dec. 22 and tape monday evening the 16th at the 1"color studio in Oakland. Also on that show will be our color tape of Maria Muldaur singing live at the Boarding House and Mimi Farina will be joining us live in the studio; also Wavy Gravy will be reading a children's story. I feel that it will be especially valuable to talk with you this year and this season; even if only for ten or twelve minutes.

Please give me a call (my home number is 826-3986) immediately so that I can program the program properly. I am saving space in the show for you.

What a weird way to communicate with someone across the Bay. . . a new kind of Golden Gate Bridge??

Much love and peace to you in this season,
Sincerely,

Dancing Bear

P.S. Please excuse my haste and typing.
